# A Home away from Home IN THE LAP OF LOVE & NATURE

### Walkway

As our dear residents make their way through the new portals in life, it is but appropriate that we give them a warm, loving, inclusive and an Apnalay fashion welcome. With a lush green flanked walkway, filtering the sunlight to provide the right blend of sunshine and protected shade Apnalay has in its short time built a legacy of welcoming one and all with open arms.

### Sanskrit shlok

The welcoming of each new family member in Apnalay is met with the beautiful lines from Bhagavad Gita. It is a prayer to God to nourish us all, enabling us to work together with energy & vigour and thereby guiding us towards the true essence underlying everything. These lines very appropriately describe the Apnalay spirituality.

### Greenery

The horticulture in Apnalay is one to be admired and loved. The collage of flowers that blossom all around the sweet abode adds beautiful colours to the life's canvas of the residents. The hanging mangoes are a treat for the eyes in summer as they very significantly pour the aesthetic juice of sweetness and love into the life at Apnalay.

### Radhe Krishna

For us, everything begins with the blessings of God and Apnalay believes in the same. The Mandir of Radhe Krishna very graciously blesses the ambience at Apnalay with tranquillity and serenity. They are also the epitome of unconditional love, unparalleled commitment and a joyous spirit of liveliness. These are the very emotions with which every brick of Apnalay has been laid.

### Kitchen & Living

Our fully stacked and well equipped kitchen serves happy meals every day with pristine importance to cleanliness and hygiene. The royal living room provides for luxurious relaxation and a very elegant evening 'adda' spot. Right outside the living room is a #GoodVibesOnly themed wall decorated with positive, motivational and morale boosting frames.

### Way of Living

Apnalay embraces its residents across floors; themed on flowers, birds and trees. The interiors in the rooms match their names and symbolism. The artsy presentations of the rooms make for a very contemporary style of living amidst great comfort and care. Apnalay has transcended into a home and a way of unison living for scores of residents engulfing them in its world. It oozes emotions of positivity, rejuvenation and cosiness; bringing back the petrichor and shaping a new rainbow for them.
